

The County Connection

Inter Office Memo

To: O&S Committee

Date: August 25, 2010

From: 
J. Scott Mitchell
Director of Maintenance

Reviewed By: 

**SUBJECT: Acceptance of Quitclaim for Sewer Line at 2477 Arnold Industrial Way,
Concord, California**

BACKGROUND:

During construction of CCCTA's administration and maintenance facilities on Arnold Industrial Way, a dedicated sewer line was installed that runs west to east through CCCTA's property. This line services CCCTA's administration building, fuel island, and maintenance building.

Once CCCTA occupied the facility, this sewer line should have become CCCTA's property and responsibility. During the upgrade to the waste water separator in 2009 at the fuel island, it was discovered that the Contra Costa County Sanitary District (CCCSD) retained ownership and an easement to this line.

SUMMARY OF ISSUES:

It is CCCSD's policy to relinquish ownership and future maintenance responsibility to the owners of the property on which the sewer facilities exist. On April 1, 2010, the CCCSD Board of Directors adopted resolutions to relinquish the public sewer at 2477 Arnold Industrial Way and quitclaim the associated easement. In order to finalize this transaction, the CCCTA's Board of Directors must accept the quitclaim deed by resolution.

OPTION 1:

Accept quitclaim resolution.

OPTION 2:

Take no action.

FINANCIAL IMPLICATIONS: None.

RECOMMENDATIONS:

Staff recommends that the O&S Committee accept the quitclaim resolution.

ACTION REQUESTED:

The O&S Committee recommend to the Board of Directors acceptance of the quitclaim resolution from the CCCSD for the sewer line at 2477 Arnold Industrial Way, Concord, California.
