To: O&S Committee Date: November 20, 2013

From: Kristina Vassallo, Civil Rights Administrator Reviewed by:

**SUBJECT:** Overview of County Connection's Disadvantaged Business Enterprise (DBE) Program

#### **Summary:**

The U.S. Department of Transportation (U.S. DOT) revised its Disadvantaged Business Enterprise (DBE) program by issuing a rule to help ensure fair competition for U.S. DOT-assisted contracts. Based on a provision in the Moving Ahead for Progress in the 21st Century Act (MAP-21) that reauthorized the U.S. DOT DBE Program, the rule ensures a level playing field on which minority, women and other disadvantaged small businesses can compete for federally assisted contracts. The rule, 49 CFR Part 26 (Regulations) titled, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs," was published in the Federal Register on February 2, 1999 and became effective March 4, 1999. The DBE Regulations were amended at various times and now require recipients to establish and submit overall goals for review every three years.

As a recipient of federal financial assistance from FTA, staff recently completed the *FY2014 through FY2016 DBE Overall Goal and Goal Setting Methodology (DBE Report)* and recommended a goal of seven percent (7%) for FTA-assisted contracts. The proposed three-year overall goal of 7% DBE participation is based on current and prior-year contracting opportunities in grants received or anticipated to be received from FTA that County Connection will expend in FY2014 through FY2016. This methodology includes an assessment of (1) the number, type and total dollar value of FTA-assisted contracting opportunities; (2) a two-step process prescribed in the U.S. DOT Regulations consisting of an analysis of the availability of DBE contractors/subcontractors relative to all businesses that are ready, willing and able to participate (referred to as "relative availability of DBEs"); and (3) the use of race-neutral methods to achieve the three-year goal.

The Board of Directors adopted this goal on July 18, 2013 and it submitted to FTA on July 23, 2013. For FY2011 through FY2013, an overall goal of 7% was recommended and approved. County Connection achieved 9.2% DBE participation for the first six months of the federal fiscal year 2013 (October 1, 2012 through March 31, 2013). Previous DBE achievements were 10% for FFY2012, 15.5% for FFY2011 and 6% for FFY2010.

The Regulations require all U.S. DOT recipients in their state to participate in a Unified Certification Program (UCP). County Connection currently certifies firms as DBEs or ACDBEs, in which they are included in the UCP DBE Database. In compliance with rule 49 CFR Part 26.83, County Connection must undergo an extensive analysis of a firm who submits an application to be certified as a DBE. Processes include the analysis of ownership, size standards, financial information, work history, licensing information, and conducting an on-site/job-site interview. Only firms that are certified are listed in the database and counted for participation toward County Connection's overall goal in relation to FTA assisted contracts per 49 CFR Part 26.55.

#### **Financial Implications:**

An approved DBE Program, which includes a three-year overall DBE goal, will enable CCCTA to continue to be eligible for federal financial assistance.
