SUBJECT: FY2015-16 MTC Transit Performance Initiative Grant

Background:

In October 2012, the Metropolitan Transportation Commission (MTC) committed \$60 million in regional Surface Transportation Program (STP) and Congestion Mitigation and Air Quality Improvement (CMAQ) funds to the Transit Performance Initiative (TPI) Incentive Program, of which \$45 million has been made available to date.

The TPI incentive program rewards those agencies that improve ridership and/or productivity, based on a distribution formula established by the Commission:

- 85% of the annual allocation to the largest seven transit operators and 15% to the remaining transit operators.
- Of the 15% for small operators:
 - 25% is based on annual passenger increase;
 - 25% is based on annual passenger per hour increase; and
 - 50% based on total annual passengers.

This year, MTC is issuing the last call for projects for the remaining \$15 million in the TPI incentive program (for FY15-16). Based on the formula above, County Connection has been allocated \$236,897 for FY16. Projects funded from this program are intended to focus on improving ridership and productivity.

For this final call for projects staff has elected to allocate funding to two ongoing projects:

- REMIX (formerly TRANSITMIX) Software - \$17,600
 - This mapping software package improves public/stakeholder communication by integrating geospatial, demographic, and employment data to convey the impacts of route/service changes while streamlining the route planning workflow by offering live cost calculations as well as scenario comparisons.
- Implementation of Access Improvement Projects - \$219,297

- This project improves bicycle and pedestrian access to existing bus stops in County Connection's service area. The improvements were recommended in the Access Improvement Study and include: installing concrete pads, bringing stops into compliance with ADA, installing/improving shelters, improving lighting and safety, installing wheelchair ramps, etc.

Recommendation:

The Administration and Finance Committee recommends the Board approve the use of the FY2016 TPI funds in the amount of \$236,897 to complete the projects listed above by signing Resolution 2016-019.

Financial Implications:

A minimum 12% match is required amounting to \$32,304. The local match would be funded with TDA funds.
