#### SUBJECT: Fiscal Year 2017 Budget and Financial Forecast

#### SUMMARY OF ISSUES:

County Connection's Fiscal Year (FY) 2017 Draft Budget and Financial Forecast has been revised based upon current information and input from the Administration and Finance Committee (Committee). The Committee recommended approving the FY 2017 Budget and Financial Forecast to the Board following a public hearing.

The FY 2017 Draft Budget proposes operating expenses of \$37,092,671. The Fixed Route's proposed operating budget is \$30,656,297 and a contingency of \$800,000. The proposed operating budget is \$1,200,364 (+4.1%) higher than the FY 2016 Estimated amount due mainly to agreed upon salary increases with bargaining groups and assumes rising fuel costs. Paratransit's proposed operating budget is \$5,636,374 and is \$222,859 (+4.1%) higher due to estimated contract increases for purchased transportation.

The following are the changes from the FY 2017 Draft Budget that was presented in May:

- a. STA revenue MTC reduced FY 2017 STA allocations by \$260,000 based on the Governor's Budget revise, which assumes diesel revenue will continue to be lower.
- b. Measure J revenue Received the FY 2017 Measure J allocation for \$5,979,436 which is an increase of \$109,000 from the amount shown in May.
- c. Insurance causality and liability costs Revised FY 2016 Estimate for general liability costs for \$200,000.
- d. Materials and supplies costs Based on the STA revenue decrease, reduced the increase to diesel fuel costs by \$160,000. The revised FY2017 amount of \$1,440,000 for diesel fuel still allows for a reasonable increase to fuel costs.

#### Expenses

Estimated Operating Expenses (Page 2) for FY 2016 are expected to be \$34,869,447, which is below the adopted budget of \$36,741,165 by \$1,871,718 (5.1%). The following is an analysis of estimated expenses in comparison to budget:

#### Expenses

The FY 2017 Proposed Operating Budget is \$37,092,671, which is \$2,223,224 or 6.4% more than the FY 2016 estimated amount. It includes an operating contingency of \$800,000. The following proposed expenses are larger than the estimated FY 2016 amount:

#### Revenues

The FY 2017 Proposed Operating Revenues is equal with expenses, since the majority of County Connection's revenue is on a reimbursement basis. The budget assumes that \$18,584,451 in TDA 4.0 funds will be used, which is an increase of \$2,772,193 over the estimated amount. There are a couple of reasons such as the increase in proposed costs noted above and assumes use of the contingency of \$800,000. There were also adjustments to revenue which include a decline in STA revenues with falling gas prices and changes by the State Controllers' Office. Also, adjusting for stable federal revenues at approximately \$1,350,000, which is a decrease of \$834,713, since most of the carryover will have been used in FY 2016.

STA revenue has declined from \$3.7 million to \$3.0 million due to declining diesel fuel revenue and a change in interpretation by the State Controller's Office (SCO) in allocating revenue. In May, MTC informed staff that they are reducing the FY 2017 allocations by \$260,000 based on the Governor's revised budget. Also, there is a decrease in FY 2017 and FY 2016 related to the SCO's change is approximately \$137,000 and \$60,000, respectively. Discussed at the May Board meeting, there is currently legislation in the works which would revert to previous interpretation by the SCO for a three year period and would be adopted as a trailer bill in the adoption of the State Budget.

mean \$552K in FY 2017 and add bac	ck \$6	0K in FY 2016.						

FTA 5307 revenues on a continuing basis are estimated to be \$1,200,000 annually based on the last grant. As mentioned earlier, County Connection had grant funds remaining from previous years and is estimated to use most of those funds in FY 2016. Prior to FY 2014, the annual amount was approximately \$670,000 annually and has now doubled over the last three years. One of the issues related to federal funding is timing of funding, for example, County Connection doesn't receive the FY 2016 allocation instruction until June 2016, and the funds are then received sometime in August or September.

Low Carbon Transit Operations Program (LCTOP) is a new funding source and could provide additional income to County Connection. These funds are currently used for the Martinez Shuttle Route 3 for approximately \$186,000, but there appears to be additional funding that could be used for capital or operational needs. The FY 2017 budget assumes an increase to \$573,000 based on MTC's preliminary estimate that LCTOP funds could provide \$20 million over 25 years. This also assumes that the current restrictions on the use of these funds are amended since it is currently very difficult for County Connection to spend, but there appears to be legislation which may assist us which was discussed at the May Board meeting.

#### Capital Program

The FY 2017 Draft Budget includes \$20.0 million in capital purchases (see PP.6). The majority of the expenses are for the completion of the bus replacement for \$18.8 million. The funding for the buses is from Federal 5307 for \$16.7 million with matching from State Proposition 1B and Bridge Toll funds for \$2.1 million.

#### TDA Reserve (PP.10)

The TDA Reserve is estimated to begin FY 2017 at \$9.9 million and by the end of the year reduces to \$8.7 million (23.5% of Operating Budget). The decrease is due mainly to declining STA revenue mentioned earlier. The forecast shows reserves declining on average by \$798 thousand each year and projected to be \$0.9 million (2.0% of Operating Budget) in FY 2025. The drop in the reserves also assumes other capital funding cannot be located for the next major bus replacement for \$3.1 million in FY 2024.

Staff has provided three reserve levels at 12%, 16% and 20%. Based on the reserve rate, the table shows the amount required and if the forecast has sufficient reserves for each fiscal year. If reserves are not sufficient, the difference is provided along with an estimate of service hours that would need to be reduced to reach reserve target level.

#### **RECOMMENDATION:**

The A&F Committee recommends the Board of Directors approve the FY 2017 Budget following a public hearing.
