Administration and Finance Committee  
Summary Minutes  
March 10, 2021

The meeting was called to order at 8:30 a.m. via Teleconference pursuant to the provision of the Governor's Executive Orders N-25-20 and N-29-20. Those in attendance were:

Committee Members:	Director Sue Noack Director Don Tatzin
Staff:	General Manager Rick Ramacier Assistant General Manager Bill Churchill Chief Operating Officer Scott Mitchell Chief Financial Officer Erick Cheung Director of Human Resources Lisa Rettig Director of Planning Ruby Horta Finance Manager Karol McCarty Authority Attorney Madeline Chun

1. Approval of Agenda- Approved by each member of the A&F Committee
2. Public Communication- None
3. Approval of Minutes of February 3, 2021- Approved by each member of the A&F Committee.
4. Review of FY 2022 Proposed Draft Budget and Forecast – CFO Cheung reported that the FY 2022 Budget proposes \$46.7 million in operational and capital expenses with revenues to offset these costs. County Connection's main revenue source is TDA 4.0 funds from MTC; the budget proposes using \$20.6 million which is \$1.4 million more than MTC estimates we will receive next fiscal year of \$19.2 million. Therefore, TDA reserves will be needed and bringing our balance to \$21.2 million by the end of the FY 2022. He provided a summary of the all the changes that have occurred over the last year due to COVID-19 and the impacts on revenue and expense. Based on that information the Board approved the plan for a service reduction and showed it would save \$1.9 million in comparison to FY 2021 Budget and \$2.8 million in comparison to the Forecasted Budget for FY 2022 in the prior year budget. Mr. Cheung noted the importance of the Federal CARES Act funding and how it supported County Connection due to fare revenue loss and ridership decline. One of the main changes from the adoption last June is that TDA revenue is better than originally estimated and may be higher than FY 2020 amounts when it was assumed to drop 25%. Also, STA revenue is estimated to decrease 25% in FY 2021 but better than the original 40% drop. One of the larger increases to the budget in FY 2022 is the demonstration project with LAVTA for paratransit services for \$2.3 million and one of the main reasons' expenses are higher than the previous budget. Mr. Cheung also noted that the TDA Reserves in FY 2026 are a -\$340 thousand as we are spending more than we are receiving even though over the last 20 years are costs are in line with inflation but TDA revenue has not kept pace. Finally, he noted that capital forecast is based on the 2016 Short Range Transit Plan and does not include costs for electric fleet and infrastructure as we are still working with the consultant.  
  
The Committee had a conversation with staff over the proposed budget. A key point brought by Commissioner Noack and Tatzin is the work and costs to transition from paratransit services to assist the region with trips for COVID-19 testing and meal deliveries. Also, Commissioner Tatzin wanted to have an estimate of additional federal assistance assuming the current stimulus passes and signed into law.  
  
Staff will prepare an updated proposed budget for the Committee in April. No action taken since this is an informational item for the Committee.
5. CCCTA Investment Policy-Quarterly Reporting Requirement – CFO Cheung reported that the portfolio as of December 31, 2020 complies with County Connection's Investment Policy. Approved for the Board consent calendar.
6. Cap and Trade Grant (LCTOP) FY 2020-21 – Director Horta stated the guidelines for Low Carbon Transit Operations Program (LCTOP) through Senate Bill 1119 increases project flexibility which allowed the fare subsidy project in the Monument Corridor on Routes 11, 14, 16. The guidelines allow flexibility to continue to provide free fares on Routes

11, 14, and 16 for FY 21-22 since it serves low income communities and MTC community of concern. LCTOP funding is proposed for Route 99X which was designed to meet the current guidelines of serving communities within DAC. Route 99X connects the Martinez Amtrak Station to BART via Pacheco Blvd. and Morello Ave. LCTOP will provide funding of \$542,538 in FY 2022 which is a decrease due to COVID-19. The plan is to roll over half of the Subsidized Fares from FY 2020 to the following year for \$450,000 since we don't believe there will be sufficient ridership to use it during FY 2021. The recommendation by staff is to allocate the funds of \$215,710 for Route 99X which is in the Disadvantage Community group (DAC) and \$326,828 for free fares on Routes 11,14, 16. and \$215,710 for Route 99X. Each of the A&F Committee members approved the proposed LCTOP project funding allocation for Board approval on consent.

7. Administrative Employee Compensation Adjustment – Director Rettig stated that at the June 18, 2020 Board of Directors meeting, Resolution 2020-25 was adopted. This resolution determined that because state and federal funding was unknown at the time, any adjustment to Administrative Staff salaries was unknown and uncertain. Therefore, the resolution provided that any increase to the Administrative Staff salaries subsequently adopted by the Board of Directors would be effective July 1, 2020.

The TDA and STA projections were updated in December of 2020 realizing an increase in TDA revenue of over 3% and the reduction in STA was a more modest drop of 0.18% for the first quarter of FY 2021. Subsequently in January of 2021, the Board decided not to pull the triggers for both the ATU and Machinists bargaining units resulting in a 3% increase of pay for employees in each group. Additionally, the Teamsters received a 3% increase effective 9/1/2020.

Staff's recommendation is that all Administrative Staff at Grade 12 and below (this excludes the Executive Team) be given a 3% increase to the employees' base wage rate, effective 1/1/2021, and a lump sum payment of \$1,000.00 in lieu of the 3% from 7/1/2020 to 12/31/2020. Each of the A&F Committee members approved the proposed increase for Board approval on consent.

8. Review of Vendor Bills, February 2021- Reviewed by each member of the A&F Committee.
9. Legal Services Statement, December 2020 General and Labor and January 2021 General – Approved by each member of the A&F Committee.
10. Next Scheduled Meeting – The next meeting is set for scheduled for 8:30 am on Wednesday, April 7th via teleconference.
11. Adjournment- The meeting was adjourned.

**SUBJECT: Bus Advertising Second Amendment**

---

**Background:**

County Connection entered into an agreement with Vector Media for the purpose of providing bus advertising services. The agreement established minimum annual guarantees (MAG) as follows: Year 1 - \$525,000, Year 2 - \$575,004, Year 3 - \$625,008, plus two additional one-year terms. Prior to COVID-19, Vector Media was submitting monthly payments of \$43,750, as agreed.

In October 2020, the Board approved Resolution No. 2021-012 reducing the MAG to a revenue share of fifty-five percent (55%) of actual monthly billings rather than the previously agreed upon MAG. Ad sales plummeted in early 2020 due to the Shelter-in-Place orders imposed throughout the region, and later across the nation. Based on an optimistic outlook, Vector expected to be able to return to Year 2 MAG on January 1, 2021.

**Extension Request:**

Vector has contacted County Connection staff requesting an extension of the reduced revenue share from January 1, 2021 to June 30, 2021. Vector has been providing the agreed upon monthly sales report and staff recognizes that returning to the original MAG would pose additional financial hardships for Vector.

Staff may extend the reduced revenue share beyond June 30, 2021, if ad sales have not recovered. The goal is to return to Year 2 MAG once Vector Media bills more than \$79,545 for two consecutive months.

**Financial Implications:**

Reduction in revenues generated through bus advertising, extended at least through June 30, 2021.

**Action Requested:**

Staff recommends that the A&F Committee forward the proposed amendment to the Board for approval.

Attachment 1: Vector Media Letter

March 30, 2021

County Connection  
Attn: Ruby Horta  
2477 Arnold Industrial Way  
Concord, CA 94520

Dear Ruby:

Thank you for speaking with me yesterday regarding the extension of revenue share agreement due to the ongoing effects on advertising sales during the COVID-19 pandemic. We greatly appreciate your continued flexibility throughout our partnership.

As we discussed, we would like to propose an extension of the revenue share agreement from January 1, 2021 through July 1, 2021. During this period, Vector Media will pay the contractually described revenue share of fifty-five (55%) percent on monthly billings. Vector would make the scheduled payment based on gross revenues that have been billed in the prior month by the 20th of each successive month. The MAG would be fully abated during this time period.

Additionally, in the interest of total transparency, Vector will provide County Connection with monthly reports from our sales tracking software that will display the pipeline of probable sales and estimated billings for future months. If County Connection desires more frequent updates regarding our sales pipeline, Oliver Berman will be happy to provide this to you.

It is our goal that upon July 1, 2021, the monthly MAG of \$47,917 will be reinstated. However, given the uncertainties regarding the end of this pandemic, future shutdowns or the speed of an economic recovery following the Covid-19 crisis, it is possible that Vector will seek additional relief, as per the Changes clause of Section 8.

Please let me know if there are any questions or concerns and once again, we appreciate your partnership and look forward to working with you for years to come.

Sincerely,

A handwritten signature in black ink that reads "Logan Mayer".

**SUBJECT: Fiscal Year 2022 Proposed Budget and Forecast Update**

---

### SUMMARY:

County Connection's Fiscal Year (FY) 2022 Draft Budget and Forecast are submitted to the Administration and Finance Committee (Committee) for review and discussion. This was presented to the Committee in March and there are a few updates since then, which are described in detail within this report. Staff requests that the Committee provide comments and forwarding the FY 2022 Draft Budget to the Board of Directors with a recommendation for approval of Resolution No. 2021-022 so a timely TDA claim can be submitted to Metropolitan Transportation Commission (MTC). TDA law requires that each county's auditor estimate TDA revenue; the claim will be based on that estimate.

### Update

The updated FY 2022 Budget proposes \$46,683,271 in operational and capital expenses for fixed route and paratransit with revenues to offset these costs. County Connection's main revenue source is TDA 4.0 funds from MTC; the budget proposes using \$21,355,413 which is \$2,161,087 more than MTC estimates we will receive next fiscal year of \$19,194,326. TDA reserves are estimated to end lower in FY 2022 with a balance of \$23,160,000. We have increases in expenses for FY 2021 and FY 2022 of \$627,924 and \$5,000, respectively, and received information that Measure J sales tax improved from Contra Costa Transportation Authority. The following items below are the changes from the March version:

#### *FY 2021*

##### Revenue:

1. Measure J Revenue increased \$1,203,268 due to improved sales tax revenues from \$6,010,929 to \$7,214,197 combined for fixed route and paratransit services.
2. Coronavirus Aid, Relief, and Economic Security (CARES Act) funding for FY 2021 for trips related to food deliveries for Meals on Wheels and schools for \$1,014,158.
3. LAVTA contributions and fare revenue to fund the Paratransit services for \$575,520 estimated to begin on April 1<sup>st</sup>.
4. Less TDA revenue needed based on increases in revenue noted above.

##### Expense:

5. LAVTA Paratransit Services for \$575,520 as the tentative start date of the demonstration project is to begin on April 1<sup>st</sup>.
6. Cost of Living Adjustments for Administrative staff for \$55,404 which the Board approved last month.

#### *FY 2022*

##### Revenue:

1. Measure J Revenue increased \$235,990 due to improved sales tax revenues from \$6,475,010 to \$6,711,000 combined for fixed route and paratransit services.
2. Coronavirus Aid, Relief, and Economic Security (CARES Act) funding reduction since we shifted some of the reimbursements into FY 2021 for \$1,014,158 as noted earlier.
3. Higher TDA revenue needed in FY 2022 as we shift CARES Act revenue to FY 2021.

##### Expense:

4. Choice in Aging services reduced by \$150,000 as the original budget amount was determined to be higher than needed.
5. Promotion's budget increased \$35,000 based on the Board approved marketing plan in March.
6. Insurance premiums increased \$90,000 due to the insurance market being hit by multiple events from COVID-19 to major natural disasters throughout the country.

### **Coronavirus (COVID-19)**

It has been a year since Contra Costa County implemented a shelter-in-place (SIP) order by the Contra Costa Health Services due to the Coronavirus (COVID-19) pandemic. The county recently moved into the Red Tier and we are approaching the Orange Tier as COVID-19 rates continue to improve and vaccine shots are being administered to the public.

As we informed the Committee last month, the Federal Government has approved a couple of stimulus packages with mass transit funding including the Coronavirus Aid, Relief, and Economic Security (CARES Act) for \$25 billion in July 2020 and the Coronavirus Response and Relief Appropriation Act (CRRSAA) for \$14 billion in December 2020. Finally, the American Rescue Plan (ARP) was passed on March 11<sup>th</sup> and provides \$1.9 trillion recovery package which could provide an additional \$30 billion in relief funding to transit. County Connection has already received an allocation of \$11.8 million in CARES Act Funding to aid with revenue loss and transform some of the services we provide to assist the people of Contra Costa County. It is still early to determine how much funding we may receive from ARP as MTC and the transit partners are working on this now.

It is also important to remember the work already done by staff and the Board to approve changes to help the County with COVID-19 issues. As paratransit ridership was declining, this service was morphed into providing trips for COVID testing and assisting schools and Meals on Wheels with food delivery. The estimated costs for FY 2020 and FY 2021 are around \$1.8 million combined with the County reimbursing us for COVID testing trips. Finally, we just began assisting on trips for John Muir Hospital and seniors in the county to receive vaccine shots.

### **Fiscal Challenges**

It is important to remember that prior to COVID-19, County Connection had financial challenges as our spending was outpacing our revenue sources. This Committee and the Board has taken several actions over the last couple of years to modifying service in 2019 and increasing fares to a new service reduction plan last month. The service changes and fare increase in 2019 were having positive results from higher ridership and revenue, but COVID-19 took hold, and both drastically decreased. We followed health and safety recommendations and implemented free fares in March 2020 but ridership appeared to be only essential workers. As COVID-19 positivity rates continue to drop and vaccine distribution ramps up, there remains a level of uncertainty of how fast we will reach the new normal and what that will look like. The positive news is that our main source of sales tax from MTC and Contra Costa Transportation Authority (CCTA) was not as impacted as everyone anticipated last May, but ridership and fare revenue continue to remain relatively low and unsure when that may rebound.

The Board approved a service plan reduction to meet some of the financial challenges and ridership declines we are facing. The expense savings are shown below in comparison to the FY 2021 Adopted Budget and the FY 2022 Forecasted Budget (shown in the FY 2021 Adopted Budget Forecast for Fixed Route Services). Most of the savings is a result of reduced bus operator positions, some non-operator positions will not be filled nor budgeted, and less operational supplies expense.

	Proposed Budget FY22	Adjust (a) FY22	Revised Budget FY22	Adopted Budget FY21	Savings FY 21 Adopted vs FY 22 Proposed	Forecast from Adopted FY21 for FY22	Savings (b) FY 22 Forecast vs FY 22 Proposed

(a) Reduced amount for COVID, Meals on Wheels and School Food Delivery since these are related to COVID-19 and not part of past operational costs.

(b) FY 22 Forecast Amount is from the Adopted FY 21 Budget for Fixed Route

(c) Does not include contingency amounts for FY 21 and FY 22.

Overall, using the current assumptions for fixed route and paratransit services, we have nearly sufficient TDA reserves (16% or above) through FY 2025 at \$7.2 million (15.5% reserve level) and will go negative in FY 2027 at -\$8.4 million (-12.8% reserve level). The FY 2022 Proposed Budget and Forecast assumes revenue recovery over the next couple of years and fixed route ridership and revenues returns to FY 2018 levels by FY 2024. It also assumes that TDA continues to grow 3% and purchased transportation costs (i.e., paratransit contracted services) are higher but not at the maximum approved amount. Therefore, the forecast can normally be a useful tool, but recovering from a pandemic is difficult to predict since there is no recent or comparative history.

### ESTIMATED FISCAL YEAR 2021:

From last March to the adoption in June through today, staff has been updating the FY 2021 revenues and expenses. For FY 2021, the estimated operating expenses are \$38.2 million, which is \$6.2 million less than the adopted budget and \$1.6 million less than FY 2020. COVID-19 is obviously the main reason for the reduction, since we are only now beginning to vaccinate people, fuel prices and use have been lower, and demand for paratransit services is still relatively low. The estimated ending TDA reserve is \$23.2 million which is a decrease of \$2.2 million, but the A&F Committee may recall we received \$6.9 million in CARES Act Funding in the previous fiscal year to help offset our revenue losses and COVID-19 expenses. Based on recent estimates released by MTC, we might have an increase in TDA revenue (\$19.6 million) compared to prior year actual (\$18.6 million) since the original estimate was a 25% loss compared to FY 2020 revenue for \$14.6 million. Also, MTC has updated State Transit Assistance (STA) revenue and is now estimating a decline of 25% (\$4.5 million revised estimate), while still significant, is less than the original assumption of a 40% (\$3.5 million budget) decline. As stated earlier, Contra Costa Transportation Authority (CCTA) updated their sales tax revenue assumptions, and we will receive \$7.2 million in FY 2021 which is \$440 thousand higher than FY 2020 and \$1.2 million more than the budget. These three sources are key to County Connection as they represent approximately 75% of our funding. The following sections below provide additional analysis on FY 2021 expenses and revenues.

## FY 2021 Expenses

Estimated Operating Expenses (Page 2) for FY 2021 are expected to be \$38,278,151, compared to the budget of \$44,456,064 by -\$6,177,913 (-13.9%). The following is an analysis of estimated expenses in comparison to budget:

		(\$ In Thousands)			
Category for Fixed Route and Paratransit	Description	Adopted FY 2021 Budget Amount	Estimated FY 2021	Amount Over (Under)	% Over (Under)
Wages/Fringe Benefits Paid Time Off	Wages and benefits are under budget mainly due to vacancies. At the end of June, we had 6 vacant service worker/mechanics and 5 non-operator positions. Operators wages are under budget as we have reduced service due to COVID-19 and current staffing is approximately 150 full time equivalent (FTE) and originally budgeted for 172 FTE hours.	\$ 18,666	\$ 16,621	\$ (2,045)	-12.3%
Fringe Benefits Other	Decrease noted above	\$ 9,563	\$ 8,985	\$ (578)	-6.4%

Materials and supplies	Materials and Supplies are under budget due to diesel fuel for \$687K, PG&E Trolley for \$66K, Clipper Relief Cards for \$53K, and Coach Repair for \$117K.	\$ 3,075	\$ 2,115	\$ (960)	-45.4%
Utilities		\$ 394	\$ 375	\$ (19)	-5.1%
Casualty and liability		\$ 1,013	\$ 934	\$ (79)	-8.5%
Other	Staff and Board Travel is under budget for \$93K and training is under for \$21K as COVID-19 has reduced these activities.	\$ 556	\$ 385	\$ (171)	-44.4%
Purchased transportation	Decrease due to not running services for Cal State East Bay and Saint Mary's with remote learning in place for FY 2021. Also, ridership in Paratransit is around 25% of normal and under budget by \$2.9M, offset by the trips for COVID-19 testing, meal delivery for non-profit and schools. Increased for demonstration project with LAVTA to provide paratransit services and includes estimated costs of \$572K which will begin on April 1, 2021.	\$ 8,016	\$ 6,751	\$ (1,265)	-18.7%

## FY 2021 Revenues

The FY 2021 Adopted Budget had revenues of \$44,456,064 and an estimated amount of \$38,278,151 based on reduced expenses as noted above. The actual revenue loss from our funding sources is still significant, while not as bad as initially feared in relation to sales and diesel tax. The version presented to the A&F Committee/Board last June had preliminary losses of \$14.2 million and half of that loss was due to estimates for TDA, STA and Measure J revenue. Staff has updated the revenue for FY 2020 based on actuals and the FY 2021 based on current information. The following table shows the major revenue sources and the dramatic changes in revenue compared to the March 2020 proposed budget and the Adopted FY 2021 Budget.

The table shows the importance of the Federal CARES Act funding allocated by MTC in coordination with regional transit partners. County Connection was allocated \$11,812,681 to help with COVID-19 expenses and revenue loss. We are currently estimating a combined revenue loss of \$7,145,098 for FY 2020 & FY 2021 due to declines in fare revenue and economic activity based on the FY 2021 Proposed Budget last March since that information was pre-COVID-19.

As I stated earlier, we have updated to possibly draw down \$1.0 million in CARES Act funds for costs related to food deliveries for Meals on Wheels and the Schools as these are additional costs related to COVID-19 activities. We are not including the COVID Transport as the county is reimbursing us for those costs.

CARES Act - FTA

MTC 2nd allocation of CARES Act Funds remaining 39%										\$4,745,001

*Additional Revenue Analysis*

Estimated Operating Revenues (Page 2) for FY 2021 are expected to be \$38,278,151 and the following is an analysis of estimated revenues in comparison to budget:

Category	Description	FY 2021 Budget Amount (\$ in thousands)	FY 2021 Estimated Amount (\$ in thousands)	Amount Over (Under) Budget (\$ in thousands)	Amount Over (Under) Budget (\$ in thousands)
<b>Fixed Route</b>					
Fare/Special Fare Revenue	Fare revenue/Special service revenue is under budget as we stopped collecting fares from March 2020 to October 2020 to keep our riders and staff safe due to COVID-19. Also, we saw significant decreases in ridership as people worked from home and schools implemented distance learning.	\$ 4,291	\$ 1,193	\$ (3,098)	-72.2%
Advertising & Non-Operating Revenue	Due to COVID-19, our advertising vendor saw dramatic decreases in demand and the Board approved a contract amendment for a percentage of revenue collections which is significantly less than the guaranteed amounts from \$419K to an estimated \$57K. Interest from LAIF is down and continues to fall as the compared to the previous year (i.e. Dec 2019 - 2.29% vs. Dec 2020 - 0.63%) but we have had higher cash on hand due to CARES Act Funding.	\$ 624	\$ 291	\$ (333)	-53.4%
FTA CARES Act	County Connection received \$6.9 million in CARES Act Funding in FY 2020. Will draw down for additional costs related to food deliveries for Meals on Wheels and Schools trips.	\$ 4,519	\$ 1,014	\$ (3,505)	-77.6%
STA	STA revenue is higher because MTC/State originally estimated a drop of 40% but has revised the decrease to 25%. Therefore, we are getting more STA revenue but less than FY 2020 amount of \$5.0 million.	\$ 3,081	\$ 3,930	\$ 849	27.6%
Measure J	CCTA allocated second half of the annual amount last month and their sales tax estimates are higher. We will receive an additional \$1.4 million more than the adopted budget. This is also higher than last year by \$318K.	\$ 3,909	\$ 5,278	\$ 1,369	35.0%
Other revenues	Other Revenues consist of LCTOP, Bart Express, Dougherty Valley Dev Fees, Regional Measure 2, and Lifeline. The increase is the BART Express Funds were allocated based on the full estimated amount (\$938 thousand) and was not reduced as budgeted (\$561 thousand).	\$ 1,194	\$ 1,528	\$ 334	28.0%
TDA 4.0	TDA 4.0 is considered revenue of last resort, the amount is higher than budget since we received CARES Act Funding in the previous year for \$6.9 million which increased our TDA reserve since the funds were to assist in FY 2020 and FY 2021 expense and revenue needs related to COVID-19.	\$ 18,723	\$ 19,443	\$ 720	3.8%
	<b>Total Fixed Route</b>	<b>\$ 36,341</b>	<b>\$ 32,677</b>	<b>\$ (3,664)</b>	<b>-10.1%</b>

<b>Paratransit</b>					
Fare Revenue	Fare revenue is under budget as we stopped collecting fares from March 2020 to October 2020 due to COVID-19. Also, paratransit ridership saw significant decreases as soon as COVID-19 shelter in place orders were instituted and are now near 25% of normal ridership.	\$ 446	\$ 50	\$ (396)	-88.8%
FTA Section 5307	FTA fund allocation for FY 2021 is normally not complete until June 2021, but we are assuming amounts are consistent with previous year.	\$ 1,214	\$ 1,240	\$ 26	2.1%
Measure J	See Measure J comment above. Higher than prior year by \$122K.	\$ 1,420	\$ 1,579	\$ 159	11.2%
LAVTA	The demonstration project to provide paratransit services is estimated to begin on April 1st. Additional costs of \$572K are estimated which is offset by fare revenues and contributions from LAVTA.	\$ -	\$ 573	\$ 573	N/A
Other revenues	TDA 4.5, STA, BART ADA revenue and One Seat Ride Demo.	\$ 1,294	\$ 1,292	\$ (2)	-0.2%
TDA 4.0	TDA 4.0 is considered revenue of last resort, as estimated expenses are lower than budget, the use of TDA 4.0 revenue is lowered.	\$ 3,741	\$ 867	\$ (2,874)	-76.8%

**PROPOSED FISCAL YEAR 2022:**

The FY 2022 Proposed Budget includes operating expenses for fixed route and paratransit services for \$45,244,271 with sales tax and gas tax (through MTC and CCTA) providing approximately \$33,361,405 in revenue (74% of operating expenses). There is also one-time remaining FTA CARES Act funding for \$3,921,634 that County Connection plans to use due to revenue losses especially in fare collections.

**FY 2022 Expenses**

The following is a summary of expenses in the FY 2022 Proposed Budget and comparing the FY 2021 Budget and Estimated Amounts.

## FY 2022 Revenues

The Proposed Operating Revenues for FY 2022 are equal with expenses since the majority of County Connection's revenue is on a grant/reimbursement basis for \$45,244,271.

As COVID-19 positivity rates come down and administered vaccines climbs, we are hopefully seeing the light at the end of the tunnel, but we still have a way to go until we reach the end. The revenue news appears better than originally expected but we are still negatively impacted by our fare, special service, and STA revenues. As staff has mentioned to the A&F Committee and the Board all last year, we knew we would not feel the impact initially like larger transit agencies that are fare reliant but would feel the revenue drop in the coming years. Below is a comparison of the FY 2022 Proposed Budget to the FY 2021 March Proposed Budget since that is a data point that was pre-COVID. The table below shows the importance of the CARES Act funding and why we still need assistance from outside agencies. No one is sure exactly how and when we recover from the pandemic and what the new normal will look like.

## Revenue by Source

### *Fares*

Prior to COVID-19, staff was expecting fare revenue to be higher than the FY 2020 budget due to a combination of fare increases in March 2019, more efficient routes, and Low Carbon Transit Operations Program (LCTOP) grant funding subsidizing free fares in the Monument Corridor provided for higher ridership. In the March 2020 update to the A&F Committee, fare revenue was estimated to be \$3.7 million and budgeted for \$3.6 million for FY 2020. Once the COVID-19 SIP order began in mid-March, fare revenues declined 80% for fixed route and 90% for paratransit services. On March 23<sup>rd</sup>, fare collections ceased on fixed route and paratransit services to improve safety by minimizing interaction between operators and riders. Fare revenue collections just recently began again on November 1, 2020 and we are assuming that for FY 2022 it will be approximately 40% of normal which is \$1.6 million.

### *Special Service Revenue*

Special service revenue are agreements we have with various agencies such as BART (bus bridges), California State East Bay, Bishop Ranch, and the City of Walnut Creek to provide service for agreed upon amounts. This revenue source has declined due to the elimination of service and/or free fares that began on March 23<sup>rd</sup> through the end of October. Also, we have made temporary amendments to our contracts based on ridership compared to the agreed upon monthly amounts as service has been reduced and ridership remains low. In general, staff is assuming that we will receive approximately 50% of normal for FY 2022 for \$642 thousand.

### *Advertising Revenue*

In October 2020, the Board approved an amendment with our advertising vendor since they have been financially hit due to COVID-19. We agreed to waive the minimum amount and receive a percentage of revenue collected by the vendor. The amendment was supposed to end in December 2020 as COVID-19 rates were improving at that time, but the budget is currently assuming this amendment is extended through FY 2022 and generates \$186 thousand.

### *State Transit Assistance (STA)*

STA revenue is generated by the tax on diesel fuel and provides funding for transit programs and agencies. Normally, the State of California provides an estimate in January to provide an amount to MTC for planning and programming purposes. In January 2020, estimated STA revenue for County Connection was approximately \$5.8 million for FY 2021. After COVID-19, the State/MTC reduced allocations by 40% based on their estimated drop in revenue and the revised the allocation to \$3.5 million. The latest estimate for FY 2021 is a drop of 25% and we will receive around \$4.4 million. For FY 2022, the estimate is only slightly better than FY 2021 and assumes we will receive \$4.5 million.

### *Measure J – Contra Costa Transportation Authority (CCTA)*

Measure J is a ½ cent sales tax in Contra Costa County administered by CCTA for transportation planning, projects, and programs. Measure J provides funding for fixed route and paratransit services to County Connection. CCTA staff provided an update to the budget for FY 2020 and FY 2021 in June 2020 that we will receive approximately \$5.8 million in FY 2020 and \$5.3 million in FY 2021. This is a loss in FY 2020 and FY 2021 of 14% or \$1.5 million and 19% or \$1.2 million, respectively. CCTA staff adopted allocations to operators in July 2020 and disbursed 45% of the funding in August 2020 (1<sup>st</sup> portion normally received in December) to assist with cash flow.

In March 2021, CCTA has allocated the second half based on actual receipts which is an increase for a total \$7.2 million for FY 2021 which exceeds the budget by \$1.9 million. CCTA staff did not provide FY 2022 estimates yet, so we are assuming no increase from the improved amount for FY 2021 of \$6.7 million (FY 2022 is less than FY 2021 because the prior year amount includes true ups based on actual receipts by CCTA).

*Transportation Development Act (TDA)*

TDA revenue is a ¼% state sales tax to finance transportation programs and projects. TDA revenue is not accrual based but on actual cash receipts in the fiscal year. The estimates of TDA revenue have changed over the course of this year due to changes in sales tax receipts, changes in California law on sales tax collections, and COVID-19.

- In February 2020, the Contra Costa County Auditor-Controller’s Office (County) revised our estimate for FY 2020 downwards from \$20,909,368 to \$18,810,111 which is a decrease of \$2,099,257 or 10%. This information was based on sales tax collected through November of the previous year and used as a base for our FY 2021 estimate. This did not include the changes to AB-1147 online sales tax collection (Wayfair Decision) that began on October 1, 2019. For FY 2020, the actual TDA sales tax revenue received was \$18,537,901 for FY 2020, which is a decrease of \$272,210 or 1.5% compared to the March estimate.
- In April/May 2020, MTC informed operators that they will only be allocating up to 75% of the FY 2021 estimate provided in February of \$19,415,580. The revised amount assumed a decrease of 25% in sales tax revenue of \$14,561,685 and a potential revenue loss of \$4,853,895. MTC would revisit the amount in early calendar 2021 and adjust accordingly based upon actual receipts.
- For the first five months (July through November) of TDA receipts, the revenue is approximately \$8.4 million or \$371 thousand (4.59%) higher than this time last year. But remember this includes amounts that are cleanup payments for items bought in April through June, but the sales tax is not collected until later and receipts for sales tax for the first quarter of FY 2021 (July – September). The following table is just looking at the quarterly data for Contra Costa County (Authority receives approximately 42% based on population):

<b>CALIFORNIA TAX AND FEE ADMINISTRATION AS OF 11/2020</b>	<b>2020</b>	<b>2019</b>	<b>\$ DIFF</b>	<b>% DIFF</b>
APRIL-JUNE QUARTER	\$ 10,647,533	\$ 12,219,570	\$ (1,572,037)	-12.9%
JULY-SEPTEMBER QUARTER	\$ 11,218,072	\$ 10,880,692	\$ 337,380	3.1%

MTC’s February 2021 estimate has been revised upward for FY 2021 from their original amount of \$19.4 million to \$19.6 million and did not hold back the 25% as they stated back in May of 2020. For FY 2022, the estimated amount is down slightly for \$19.2 million.

Just released (end of February 2020) is the information for the 4<sup>th</sup> quarter 2020 (October – December) and the revenue is down slightly for the quarter in comparison to the previous year. The California Department of Tax and Fee Administration reported that the county received \$12.9 million compared to \$13.1 million last year, which is a drop of \$0.2 million or 1.5%. Due mainly to the improvement in the first quarter, we will receive about \$13.8 million for 8 months of the fiscal year which is \$0.3 thousand or 2.23% better than last year. Staff will update the A&F Committee and the Board when the detailed information is available.

*CARES Act - Federal Transit Administration (FTA)*

On March 27, 2020, the CARES Act was signed into law, which provides \$2 trillion to fund programs and support efforts to respond to COVID-19. This included an appropriation of \$25 billion in supplemental FTA funds to support transit agencies during this pandemic. The Bay Area portion of the funding is approximately \$1.3 billion.

MTC was responsible for programming the region's FTA funds. In April 2020, the MTC Board approved programming approximately \$780 million or 61% of this supplemental funding after their staff worked with the region's transit operators. In July 2020, the remainder of the funding was programmed by the MTC Board with the recommendation from the MTC Blue Ribbon Committee (BRC). County Connection received allocations of \$11.8 million (first tranche \$7.1 million + second tranche \$4.7 million) of CARES Act Funds.

County Connection drew down \$6.9 million in FY 2020 based on estimated revenue loss for FY 2020 and FY 2021 due to estimated losses of \$8.5 million. We are planning to draw down funds related to food deliveries in FY 2021 for approximately \$1.0 million. We are still impacted by fare revenue and STA revenue loss and budgeting to drawdown the remaining \$3.9 million in FY 2022.

**FORECAST:**

As stated earlier, County Connection appears to have nearly sufficient TDA reserves (16% or above) through FY 2025 at \$7.2 million (15.5% reserve level) but will go negative in FY 2027 at -\$6.4 million (-12.8% reserve level). The forecast has some revenue recovery over the next couple of years and assumes fixed route ridership and other revenues (not including TDA, STA and MSJ) return to FY 2018 levels by FY 2024. It also assumes that TDA continues to grow 3% throughout the forecast. Additionally, it assumes purchased transportation costs are not at the maximum amount since it is uncertain when service will return to normal. Therefore, the forecast can be a useful tool, but recovering from a pandemic is difficult to predict when lacking historical data.

**Operating Expenses**

The forecast is based on the revised service level and 3% wage increases return in FY 2023 and continue into future years (MOU's were extended one year and will expire in fiscal year 2023 and need to be negotiated). Other assumptions are shown below:

- Non-wage operating expenses are assumed to increase 2% per year.
- Cafeteria plan expenses are assumed to increase 6% per year.
- LAVTA paratransit services is a demonstration project and is only shown in FY 2022. This demonstration has no impact to net income in FY 2022 as fare revenues plus contributions equals expense.
- County Connection was able to absorb most of the financial issues with the Great Recession and was 99.9% funded in FY 2017, because the pension benefits were not enhanced in the early 2000's like many other agencies and is **currently 89.2% funded**. We have incorporated recent changes such as the CalPERS Board reducing the discount rate from 7.5% to 7.0% in December 2016. The employer rate will continue to rise from 8.91% in FY 2022 to 9.3% in FY 2027. Also, as the discount rate is being reduced and phasing in investment losses from previous fiscal years, the Unfunded Actuarial Liability (UAL) payments will rise from \$47,020 in FY 2018 to \$1,134,000 in FY 2027.

CalPERS has reported their investment return for FY 2020 was 4.7% which is under the 7.0% assumed return. Staff has included in the forecast the UAL payments which would begin in FY 2023 based upon estimator tools provided by CalPERS.

The following tables are summaries of the changes:

### Capital Expenses

The forecast assumes capital expenses based on the 2016-2025 Short Range Transit Plan (SRTP) completed in March 2016. *The SRTP was based on information at that time and assumed the continuation of a diesel capital fleet and has approximately \$4 million in funds to be determined (FY 2023 - \$3 million & FY 2024 - \$1 million). The SRTP and the current forecast does not include costs related to replacement with electric buses and the required infrastructure necessary to operate that fleet. We are still in the process of evaluating the needs and the costs with a consultant funded through a federal low/no emission grant.*

### TDA Reserves

The following table is our TDA reserves based on the forecast that our expenses will outpace revenue even with the service restructure assuming fare/special service revenue will not recover to pre-COVID-19 levels and accounting for the higher costs for paratransit services:

**RECOMMENDATION:**

Staff requests that the A&F Committee provide comments and forward the draft to the Board of Directors for approval of Resolution No. 2021-022 to file a claim with MTC. The FY 2022 Budget is to submit a claim to MTC for County Connection's TDA allocation and receive these funds timely.

**RESOLUTION NO. 2021-022****CENTRAL CONTRA COSTA TRANSIT AUTHORITY  
BOARD OF DIRECTORS**

\* \* \*

**AUTHORIZING FILING APPLICATIONS AND SUPPORTING DOCUMENTS  
WITH THE METROPOLITAN TRANSPORTATION COMMISSION FOR ALLOCATION  
OF TRANSPORTATION DEVELOPMENT ACT, STATE TRANSIT ASSISTANCE,  
AND REGIONAL MEASURE 2 FUNDS FOR FISCAL YEAR 2022**

WHEREAS, the County of Contra Costa and the Cities of Clayton, Concord, the Town of Danville, Lafayette, Martinez, the Town of Moraga, Orinda, Pleasant Hill, San Ramon and Walnut Creek (hereinafter "Member Jurisdictions") have formed the Central Contra Costa Transit Authority ("CCCTA"), a joint exercise of powers agency created under California Government Code Section 6500 *et seq.*, for the joint exercise of certain powers to provide coordinated and integrated public transportation services within the area of its Member Jurisdictions;

WHEREAS, the Transportation Development Act (TDA) (Public Utilities Code Section 99200, *et seq.*), provides for the disbursement of funds from the Local Transportation Fund (LTF) of the County of Contra Costa for use by eligible applicants for the purpose of public transit;

WHEREAS, pursuant to the provisions of the TDA, and pursuant to the applicable rules and regulations thereunder (21 Cal. Code of Regs. Section 6600, *et seq.*), a prospective applicant wishing to receive an allocation from the LTF shall file its claim with the Metropolitan Transportation Commission;

WHEREAS, the State Transit Assistance (STA) fund is created pursuant to Public Utilities Code Sections 99310 *et seq.*;

WHEREAS, the STA fund makes funds available pursuant to Public Utilities Code Section 99313.6 for allocation to eligible applicants to support approved transit projects;

WHEREAS, TDA funds from the LTF of Contra Costa County and STA funds will be required by CCCTA in Fiscal Year 2022 for public transit capital and operating assistance;

WHEREAS, CCCTA is an eligible applicant for TDA and STA funds pursuant to Public Utilities Code Sections 99260(a), 99262, 99275, 99313 and 99314 as attested by the opinion of CCCTA's Counsel;

WHEREAS, SB 916 (Chapter 715, Statutes 2004), commonly referred to as Regional Measure 2 (RM2), identified projects eligible to receive funding under the Regional Traffic Relief Plan;

WHEREAS, the Metropolitan Transportation Commission (MTC) is responsible for funding projects eligible for RM2 funds, pursuant to Streets and Highways Code Section 30914(c) and (d);

WHEREAS, MTC has established a process whereby eligible transportation project sponsors may submit allocation requests for RM2 funding;

WHEREAS, allocations to MTC must be submitted consistent with procedures and conditions as outlined in RM2 Policy and Procedures;

WHEREAS, CCCTA is an eligible sponsor of transportation project(s) in RM2, Regional Traffic Relief Plan funds;

WHEREAS, the Express Bus Routes are eligible for consideration in the Regional Traffic Relief Plan of RM2, pursuant to Streets and Highways Code Section 30914(c) or (d);

WHEREAS, the RM2 allocation request demonstrates a fully funded operating plan that is consistent with the adopted performance measures, as applicable, for which CCCTA is requesting that MTC allocate RM2 funds,

WHEREAS, the certification by CCCTA of assurances is required for the allocation of funds by MTC; and

WHEREAS, CCCTA requires an allocation of these funds for capital and operating assistance to support CCCTA's provision of public transit services in the Central Contra Costa County area for Fiscal Year 2022.

NOW, THEREFORE, BE IT RESOLVED, by the of the Central Contra Costa Transit Authority Board of Directors that CCCTA, and its agents shall comply with the provisions of the Metropolitan Transportation Commission's Regional Measure 2 Policy Guidance (MTC Resolution No. 3636); and be it further

RESOLVED, that CCCTA certifies that the project is consistent with the Regional Transportation Plan (RTP), and be it further

RESOLVED, that CCCTA approves the Express Bus routes operating proposals; and be it further

RESOLVED, that CCCTA approves the certification of assurances; and be it further

RESOLVED, that CCCTA is an eligible sponsor of projects in the Regional Measure 2 Regional Traffic Relief Plan, Capital Program, in accordance with California Streets and Highways Code 30914(d); and be it further

RESOLVED, that CCCTA is authorized to submit an application for Regional Measure 2 funds for Express Bus Operations in accordance with California Streets and Highways Code 30914(d); and be it further

RESOLVED, that CCCTA certifies that the projects and purposes for which RM2 funds are being requested are in compliance with the requirements of the California Environmental Quality Act (Public Resources Code Section 21000 *et seq.*), and with the State Environmental Impact Report Guidelines (14 California Code of Regulations Section 15000 *et seq.*) and, if relevant the National Environmental Policy Act (NEPA), 42 USC Section 4-1 *et seq.* and the applicable regulations thereunder; and be it further

RESOLVED, that there is no legal impediment to CCCTA making allocation requests for Regional Measure 2 funds; and be it further

RESOLVED, that there is no pending or threatened litigation that might in any way adversely affect the proposed project, or the ability of CCCTA to deliver such project; and be it further

RESOLVED, that CCCTA indemnifies and holds harmless MTC, its Commissioners, representatives, agents, and employees from any and against all claims, injury, suits, demands, liability, losses, damages, and expenses, whether direct or indirect (including any and all costs and expenses in connection therewith), incurred by reason of any act or failure to act of CCCTA, its officers, employees or agents, or subcontractors or any of them in connection with its performance of services under this allocation of RM2 funds. In addition to any other remedy authorized by law, so much of the funding due under this allocation of RM2 funds as shall reasonably be considered necessary by MTC may be retained until disposition has been made of any claim for damages; and be it further

RESOLVED, that CCCTA shall, if any revenues or profits from any non-governmental use of property (or project) that those revenues or profits shall be used exclusively for the public transportation services for which the project was initially approved, either for capital improvements or maintenance and operational costs, otherwise the Metropolitan Transportation Commission is entitled to a proportionate share equal to MTC's percentage participation in the projects(s); and be it further

RESOLVED that the General Manager, or his designee, is authorized to execute and file appropriate applications, together with all necessary supporting documents, with the Metropolitan Transportation Commission for allocation of TDA, STA and RM2 funds for Fiscal Year 2022; and be it further

RESOLVED that the General Manager, or his designee, is delegated the authority to make non-substantive changes and minor amendments to the Initial Project Report as he deems appropriate; and be it further

RESOLVED that a copy of this resolution be transmitted to the Metropolitan Transportation Commission in conjunction with the filing of the claims, and the Metropolitan Transportation Commission be requested to grant the allocation of funds as specified herein.
