SUBJECT: Performance Report -Paratransit

Background:

The beginning of the fiscal year found Paratransit Service down 80% due to the COVID-19 pandemic. The previous three months included a statewide lock down issued by the Governor of California, social distancing of no less than six feet and mandatory face coverings. Some of the other challenges we faced included a significant reduction in revenue as a result of not collecting fares, amending the Transdev's contract in order to ensure the retention of drivers, transporting one passenger at a time, and finding new ways to service the community. This meant establishing relationships with the County Health Department, activating our Emergency Operations Center with the Contra Costa County, reaching out to social service groups, senior advocacy groups, and other health groups to offer our resources.

In order to service the community safely, we continued to receive on-going training from the County Health Department on the effects of COVID-19 in the workplace and our personal lives. Vigilance was needed to ensure staff and drivers continued to stay safe. Passengers were encouraged to be diligent in reporting positive cases to County Connection, so drivers may quarantine safely due to possible exposure.

In an effort to keep serving the community, County Connection LINK offered services to deliver meals to seniors, meals to schools, provide transportation services for the County Emergency Department for COVID-19 positive passengers, and trips to vaccination sites once vaccines became available.

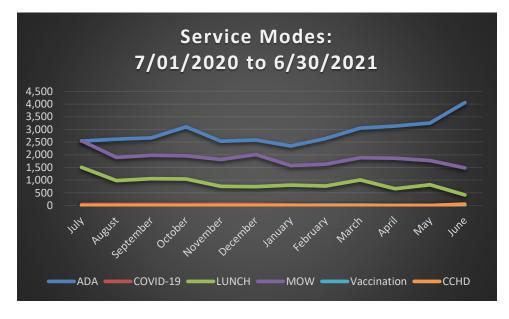

To minimize contact tracing, staff recommended the start of a One Seat Pilot program, which would enable passengers to utilize only one bus to travel across service jurisdictions versus multiple buses and multiple drivers. The partners involved in the pilot program include Central Contra Costa Transportation Authority, Livermore Amador Valley Transit Authority, Eastern Contra Costa County Authority, and Western Contra Costa Transit Authority. This pilot program started in November 2020 after Board approval and has continued successfully through an extension through the end of 2021.

In addition to a new One Seat Pilot, CCCTA and LAVTA, also entered into a MOU to combine Paratransit services under one contractor (Transdev) managed by CCCTA. This was also a Board approved pilot that started in April of 2021, allowing both agencies to share resources like staff, drivers, call center staff and scheduling software.

Partnerships and Service Trends:

Below is a snapshot of the partnerships and trends in service throughout the year. It's important to note that although Paratransit was and continues to remain our core service, the ability to pivot quickly during the year has enabled County Connection to serve the community on multiple necessary levels. The trend reflects how service systems flowed whenever there was a change in lockdown status or COVID rates.

	ADA	COVID- 19	LUNCH	MOW	Vaccination	ССНД
July	2,538	41	1,505	2,553	0	0
August	2,613	48	983	1,894	0	0
September	2,667	44	1,057	1,977	0	0
October	3,105	42	1,046	1,960	0	0
November	2,535	54	756	1,814	0	0
December	2,582	47	741	2,009	0	0
January	2,345	19	803	1,572	0	0
February	2,640	9	766	66 1,624	16	0
March	3,054	4	1006	1,883	12	0
April	3,136	0	658	1,863	2	0
May	3,254	0	814	1,772 1		0
June	4,060	0	415	1,481	0	52

Financial Implication:

Staff budgeted \$7.4M for the Paratransit but came in at about \$6.2M or 15% under budget due to COVID-19. As you can see from the chart Paratransit trips remained low. Paratransit did not resume collecting fares till November 2020, as a result revenue also remained low. County Connection was a recipient of CARES ACT funding and used such funds to maintain paratransit trips, purchase PPE's, maintain certain driver levels and provide alternative services related to the COVID-19 pandemic.

Recommendation:

None for Information only
