SUBJECT: LINK Paratransit Executive Summary Report - November 2023

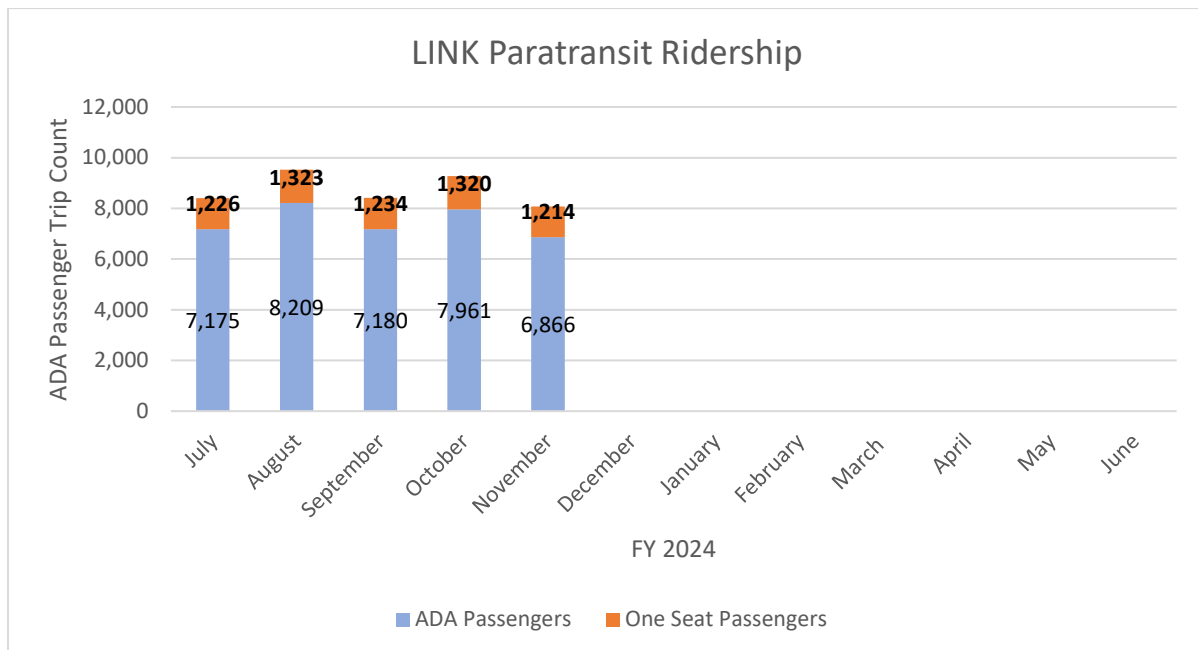

Background:

County Connection provides Americans with Disabilities Act (ADA) Paratransit services through the LINK Paratransit program. This is a summary report of LINK Paratransit services provided for the month of November 2023.

November 2023 Performance Report:

Ridership:

The total reported number of ADA passenger trips in November was 8,080. October reported a total of 9,281. The decrease is primarily attributed to November having a major holiday wherein several facilities that LINK riders visit close for the Thanksgiving holiday for several days up to a week as well as passengers being on holiday vacations. The total reported number of ADA Passengers reported in November of 2023 accounts for approximately 79% of pre-pandemic ridership levels (November 2019).

Productivity:

In November, the average number of ADA passengers per revenue hour stood at 1.50, marking a decrease compared to October, when the figure was 1.65 ADA passengers per revenue hour, excluding escorts or attendants. It's worth noting that the LINK Paratransit service's established benchmark is to uphold a minimum of 1.50 ADA passengers per revenue hour. Currently, the contractor has continued working on scheduling efficiencies through providing more comprehensive training to scheduling staff and input gathering from operators on areas for improvement in route efficiencies.

On-time Performance:

In the month of November, the average on-time performance for trips reached an impressive 97.8%. This figure signifies an improvement in on-time performance when compared to the preceding month, which achieved a 97.0% on-time rate for all trips. The performance exhibited in November signifies a positive trajectory, aligning with the commitment to service quality. It's noteworthy that County Connection's established standard stands at 92%, and the past four months have consistently demonstrated performance surpassing this benchmark.

Customer Satisfaction:

In November, a total of 11 complaints were registered, with 9 linked to timeliness issues, one (1), related to the vehicle and/or associated equipment, and the remaining one (1) attributed to scheduling staff's skill concerns. The majority of the complaints this month were related to passengers unhappy with the longer travel time.

For commendations, the service received a total of 140 in November. The majority of these commendations come from passengers expressing satisfaction with the drivers' performance, often citing their exemplary attention to safety and courtesy.

Safety:

There were no reported preventable accidents in the month of November. The accident standard goal is to have no more than 0.5 preventable accidents per 100,000 miles.

Staffing:

For the month of November, LINK Paratransit had a total of 56 drivers available to operate routes. Out of this group, three (3) drivers were on a leave of absence or on modified work duty. Transdev has continued to implement various strategies including organizing on-site job fairs, offering sign-on bonuses and referral bonuses, and providing on-site training to assist newly hired Class C drivers in obtaining their commercial license with passenger endorsements.

Financial Implications:

A preliminary un-audited total of \$511,055 was spent in November for LINK paratransit service. This reflects a decrease from October's total reported at \$535,772.

Recommendation:

None, for Information only.

Additional updates:

None.

Action Requested:

None, for information only.
