SUBJECT: LINK Paratransit Monthly Report - November 2024

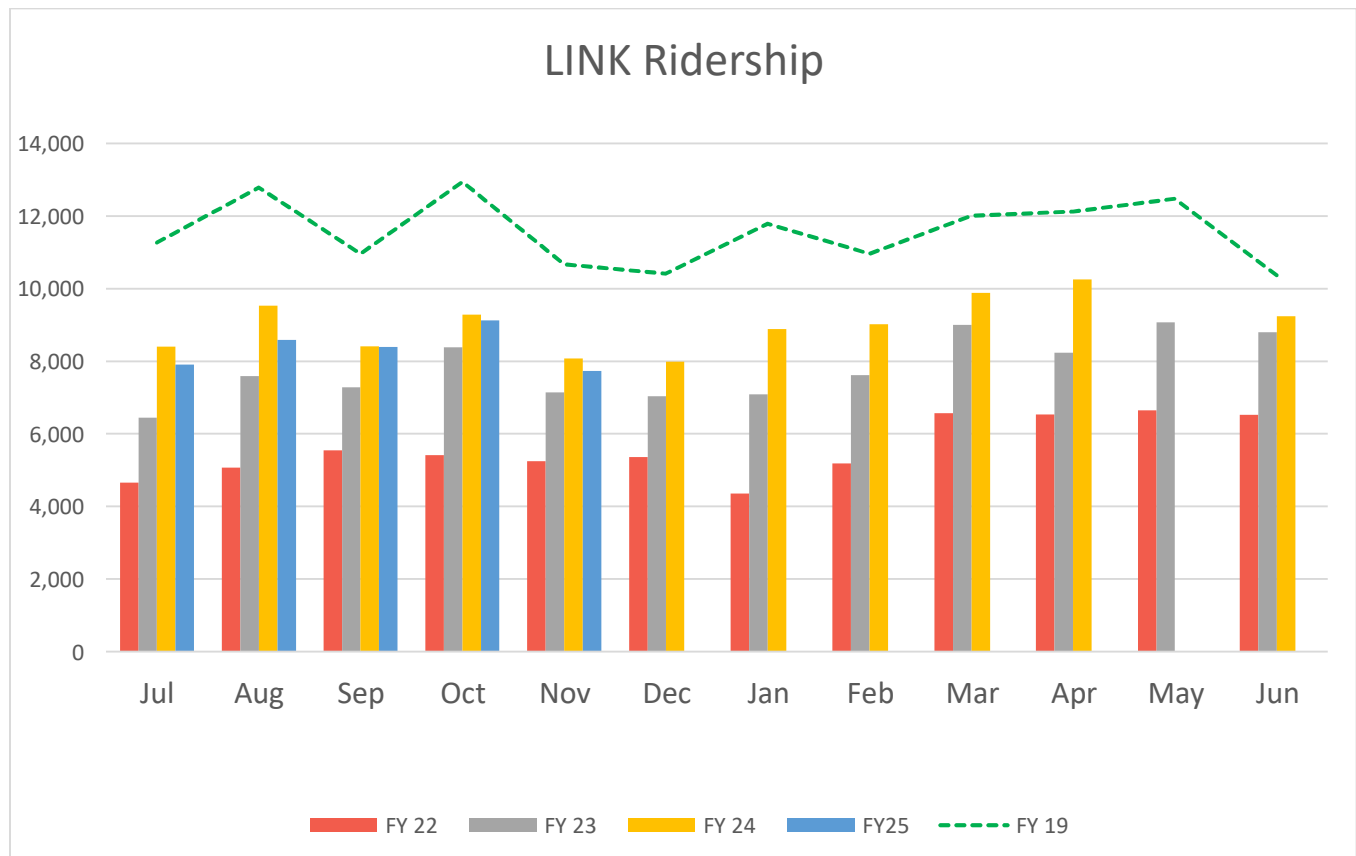

Background:

County Connection offers Paratransit services in accordance with the Americans with Disabilities Act (ADA) via its LINK Paratransit program. Presented here is an overview of the Paratransit services through November 2024.

November 2024 Performance Report:

Ridership:

In November LINK provided trips to 7,735 passengers, showing a decrease of 4.3% from the 8,080 trips provided in November 2023. While the total number of trips is down year over year, the seasonal fluctuation month over month is consistent with historical norms.

Productivity:

In November, LINK transported approximately 1.6 passengers per revenue hour, slightly exceeding the contract standard of at least 1.5 passengers per hour for the fourth consecutive month.

On-time Performance:

In November, the on-time performance of trips averaged 98.6%, handily exceeding the contract standard of 92% for the eighteenth consecutive month.

Customer Satisfaction:

Customer satisfaction with the LINK service remains consistently high, as evidenced by the number of commendations received from customers compared to the number of complaints. Verified complaints of 0.9 per 1,000 LINK passenger trips in November fell well under the contract standard of 2.0 per 1,000 rides. In addition, the rate of positive customer feedback has exceeded the rate of complaints by a factor of approximately eighteen to one, since data became available nearly three years ago.

Financial Implications:

In November, the cost per LINK passenger trip was \$72.70, marking a decrease of 2.3% from the same month last year.

Recommendation:

None, for Information only.
