## FAIR EMPLOYMENT PRACTICES CERTIFICATE

In connection with the performance of work under this Contract, the Contractor agrees as follows:

1. The Contractor will not willfully discriminate against any employee or applicant for employment because of race, color, religious creed, ancestry, national origin, sex, marital status, physical handicap, or medical condition, as defined in Government Code Section 12926. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religious creed, ancestry, national origin, sex, physical handicap, or medical condition as defined in Government Code Section 12926. Such action shall include but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this Fair Employment Practices section.
2. The Contractor will send to each labor union or representative of worker with which he has a collective bargaining agreement or other contract or understanding, a notice, advising the said labor union or workers' representative of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
3. The Contractor will permit access to his records of employment, employment advertisements, application forms, and other pertinent data records by the Fair Employment and Housing Commission, the awarding authority or any other appropriate agency of the State of California designated by the awarding authority for the purposes of investigation to ascertain compliance with the Fair Employment Practices section of this Contract.
4. A finding of willful violation of the Fair Employment Practices section of this Contract or of the Fair Employment and Housing Act, Government Code Sections 12900 *et. seq.*, shall be regarded by the awarding authority as a basis for determining the Contractor to be not a "responsible Bidder" as to future contracts for which such Contractor may submit bids, for revoking the Contractor's prequalification rating, if any, and for refusing to establish, re-establish or renew a prequalification rating for the Contractor.

The awarding authority shall deem a finding of willful violation of the Fair Employment and Housing Act to have occurred upon receipt of written notice from the Fair Employment and Housing Commission that it has investigated and determined that the Contractor has violated the Fair Employment and Housing Act and has issued an order under Government Code Section 12970 or obtained an injunction under Government Code Section 12973.

Upon receipt of such written notice from the Department of Fair Employment and Housing, the awarding authority shall notify the Contractor that unless he demonstrates to the satisfaction of the awarding authority within a stated period that the violation has been corrected, his prequalification rating will be revoked at the expiration of such period.

5. The Contractor agrees that, should the awarding authority determine that the Contractor has not complied with the Fair Employment Practices section of this Contract, then pursuant to Labor Code Sections 1735 and 1775, the Contractor shall, as a penalty to the awarding authority, forfeit for each calendar day, or portion thereof, for each person who was denied employment as a result of such non-compliance, the penalties provided in the Labor Code for violation of prevailing wage rates. Such monies may be recovered from the Contractor. The awarding authority may deduct any such damages from any monies due the Contractor.
6. Nothing contained in the Fair Employment Practices section shall be construed in any manner or fashion so as to prevent the awarding authority from pursuing any other remedies that may be available at law.
7. The Contractor will include the provisions of the foregoing Paragraphs 1 through 6 in every first-tier subcontract, if any, so that such provisions will be binding upon each such subcontractor.
8. Statements and Payrolls. The Contractor shall maintain his records in conformance with the requirements in the Specification and the following provisions:
  - a. The submissions by the Contractor of payrolls, or copies thereof, is required. Each Contractor and subcontractor shall preserve his weekly payroll records for a period of three years from the date of completion of this Contract.
  - b. The payroll records shall contain the name, address, and social security number of each employee, his correct classification, rate of pay, daily and weekly number of hours worked, itemized deductions made and actual wages paid.
  - c. The Contractor shall make his payroll records available at the project site for inspection by the County Connection and shall permit the County Connection to interview employees during working hours on the job.

The following certification is to be executed by every Bidder and enclosed and forwarded in a sealed envelope containing the bid. The person signing the certification shall state his address and official capacity.

### FAIR EMPLOYMENT PRACTICES CERTIFICATION
